

Prodew 388

Misting Systems to Enhance Post-Harvest Preservation

Why Mist?

- Misting keeps produce, vegetables and floral displays attractive to customers
- Misting extends shelf life
- Misting reduces shrinkage

**Lowest-Priced
Misting Systems
On The Market**

Why Prodew?

We engineer for your convenience

Our low-maintenance systems feature reusable filters, long-lasting pumps, and non-corrosive, non-clogging plastic nozzles.

We provide premium systems

We design and manufacture to the highest standards, using quality electrical and other components, NSF, UL & CE approved.

Ours are the lowest-priced, most affordable systems on the market

An investment of **\$1000** pays you back **\$7000*** in a year, the benefit of reduced shrinkage through extended shelf life. A system literally pays for itself!

Prodew believes protection of the environment is essential and practices conservation, including recycling.

Prodew 388

Fine Mist

THE MIST IS SO FINE IT FEELS LIKE FOG, PROVIDING JUST ENOUGH WATER TO KEEP PRODUCE AND OTHER PERISHABLES MOIST AND ATTRACTIVE.

Low Profile Design

THE CONTINUOUS CLAMP ON THE PRODEW 388 FORMS A TRACK THAT BLENDS INTO THE DISPLAY CASE.

No Mirror Spraying

THE MOVEMENT OF THE PRODEW 388 CAN BE ADJUSTED WITHIN A LIMITED RANGE, TO SPRAY ONLY WHERE IT IS NEEDED.

*Reducing your shrinkage by just **\$20** a day saves you **\$7,300** annually.
