Especially for new salespeople!

Team Blowtherm's FREE seminar

Introduction to The Basics

The Perfect Place **To Learn To Discover By Doing** To Enhance Your Future

Team Blowtherm's state-of-the-art 25,000sq. ft. Technical Training Center is the world's largest training center in the refinish spray booth industry. A unique facility, the Tech Center is dedicated to improving the productivity and profitability of Team Blowtherm's customers through professional training, product testing, and extensive spray booth research and development. The facility features six styles of automotive spray booths. including one with a regenerative VOC abatement system, prep stations, mix rooms and two full-size truck booths. all 'paint-ready' for demonstrations and testing.

The Tech Center conducts training for technicians and sales personnel, along with customer demonstrations and equipment owner seminars. Short, intensive training sessions improve operator effectiveness, optimize equipment use and, ultimately, result in greater profits and satisfaction for Team Blowtherm customers.
